

*Springtek*

*Designed for that special occasion called sleep.*

*International Quality  
Inner Spring Mattress*

*Springtek* is a truly world-class Inner Spring mattress made with specially imported German Springs. The luxurious eye pleasing quilting is done using the latest Italian CNC Quilting Machine. Each mattress is individually handfinished and inspected for perfection. The mattress is reversible and is provided with handles for ease of carrying.

**Spring technology for a world-class product**

Used here are **Bonnell Inner Springs** imported from Germany to ensure a reliable spring system. The mattress comes with a plush layer of Rubberised Coir and special PU Foam for additional comfort, support and ventilation.

# Springtek

## The Royal Look.

The outer cover uses an export quality Viscose-Cotton blend Jacquard tapestry with exquisite designs.

## Perfect Support

The **Springtek** mattress offers a graded support over the entire sleeping area.

Quilting by Italian MECA CNC machine. **Springtek** uses the machine that is used by companies all over the world for luxurious and eye-catching quilting to provide truly plush feel.

## Handles

Extremely useful in handling your mattress.

## Individually Handfinished

Each **Springtek** mattress is individually handfinished and inspected before packing.

## Reversible

The **Springtek** mattress has quilted designs on the both sides and is reversible.
